Dear
Janie,

I am writing to thank you for being an amazing leader. River group wouldn't be the same without you.

I liked the trapeze. Before I went up I was really confident. But when I was up there I was terrified that I will fall so I jumped for the pole. It was an amazing view. On my next go I wasn't as nervous but because you moved the pole away!

My most favourite activity was the giant swing because I got all the way to the top!

Yours

Sincerely

Victoria
